

About Your Free Immortal-C Serum Included With Every Immortal Opulence Order! A \$70 Dollar Value!

Immortal-C Is A Fast-Acting L Ascorbic Acid Vitamin C Serum
(L Ascorbic Acid Is The Only Form That Produces Results Topically).

Immediately Your Skin gets tighter, lines and wrinkles smooth and sun damage age spots become less visible and these results continue to improve over time.

Enhanced With A Special Whole Food Vitamin C Extracted From A Special Kind Of Fresh Organic Fruit,
Which Contains 50X More Vitamin C Than One Orange.

No Toxic Chemicals-No Toxic Preservatives

This Is The Most Effective Natural Organic Vitamin C Serum In The World!

Immortal Opulence Stands By Its Commitment To Provide You With
This Ultimate Vitamin C Serum, Backed By Detailed Scientific Research.

Nothing Else Can Even Come Close.

Here's why.

Vitamin C is the main nutrient involved in Collagen synthesis and the main anti-oxidant in your skin. You cannot produce collagen without it. Vitamin C levels in your skin start dropping in your late 20's and continue to decline as you keep getting older. This results in sagging skin and sun damage.

Taking Vitamin C orally is great internally however very little Vitamin C reaches your skin.

Scientific Studies prove that an effective Vitamin C serum used topically is 20 times more effective at raising the Vitamin C levels in the skin than the oral route.

An effective topical Vitamin C serum is one of the best investments in your skin you can make, regardless of age.

As a consumer you are trying to decide which Vitamin C serum will give you the best results and will contribute to your health.

Also look at the packaging. The biggest problem for vitamin C degradation is air and most vitamin C serums are in dropper bottles so opening and closing your container is not good. Vitamin C serums should always be in airtight dispensing containers.

Also light oxidizes vitamin C and again most vitamin C serums are in amber glass bottles. Amber does filter out some light but not all. Solid color recyclable plastic is the best.

That is why we package ours in a solid black airtight serum pump dispensing container.

You will not be disappointed with the results

Immortal-C delivers more Vitamin C benefits faster to your skin than any other Vitamin C serum sold.

The following is an explanation of our full ingredients

Instructions: Apply Immortal-C daily preferably AM and PM after cleansing, pump 2 or more times in the palm and spread evenly. **Wait 3 minutes and then apply Immortal Opulence...Done!**

Moringa oil absorbs easily into the skin, improving the appearance and radiance of skin. It has skin healthy nutrients like vitamin A, which helps build collagen in the skin, vitamin C to help reduce fine lines and wrinkles, and the healing and anti-inflammatory benefits of vitamin E. Anti-Aging Properties

- It rejuvenates dull, tired and aging skin.
 - Antioxidants and nutrients help fight free radical damage that can cause skin tissue damage and lead to the formation of wrinkles.
 - Moringa oil helps improve the appearance of wrinkles and prevents sagging of facial muscles.
 - Plant hormones called cytokinins, which help promote cell growth and delay damage and destruction of skin tissues.
 - Vitamin C stabilizes collagen and helps reduce fine lines and repair damaged skin cells.
-

Camu camu berries, which are native to the Amazon region, contain about 50X times the amount of vitamin C found in oranges and with more Vitamin C than any other known plant in the world.

The Camu-Camu bush produces a fruit which contains powerful phytochemicals health benefits, including the amino acids serine, valine, and leucine.

They're also rich in ellagic acid, an antioxidant that helps protect skin against free radicals, says Joshua Zeichner, the director of cosmetic & clinical research in dermatology at Mount Sinai Hospital in New York City. "Camu camu is also jam-packed with other vitamins and minerals including iron, niacin, riboflavin, phosphorus, potassium, beta-carotene, calcium, and amino acids," he adds. So basically, they're a superfood for your face!

NaturLift™ is a biopolymer of sweet almond proteins. It forms a continuous, elastic and smooth film.

NaturLift represents a use of patented cross-linking technology, bio polymerization that reinforces the natural lifting effect of sweet almond proteins.

This patented process favors hydrophobic interactions, increases the affinity of NaturLift for skin lipids and facilitates its adsorption.

Naturlines™ The present invention also includes a method of improving or preventing the condition of wrinkled, lined, dry, flaky, aged or photo damaged skin and improving skin thickness, elasticity, flexibility, radiance, glow and plumpness. The process used to extract the bio active compound is proprietary and this little known compound can significantly reduce the appearance of wrinkles. Some individuals claim this one ingredient alone made them appear 20 years younger than their biological age.

Silver Dihydrogen Citrate. our long efficacy record and experience in personal care with this all natural preservative system is unmatched by any other natural preservative system on the market.

Silver Based Antimicrobial for personal care applications.

- + Formaldehyde Free
- + Paraben Free
- + Non-Halogenated
- + No Phenols
- + No Quaternary Ammonium Compounds
- + No Nano Particles
- + No GMO's
- + No Gluten
- + No Corn sourced ingredients

Active Ingredient: Silver Citrate - Silver ions (2400 ppm) and Citric acid USP (Fruit Based}

In conclusion: Our exclusive Immortal-C Serum combined with our exclusive Immortal Opulence Skin Cream can create an environment for your skin and body to reach rejuvenation levels never seen before.

These 5 ingredients are the cornerstone to our Immortal-C serum.

It is exclusively produced for us, by a company that believes in wild crafted or produced in the "greenest" manner possible with sustainable harvesting.

They are an FDA and EPA Registered facility and proudly based in the USA.

Warm Regards,

The Immortal Opulence Family.
